Thank you for your interest in our Invited Programme at the Science & Culture FORUM on 9 – 10 Nov!

Please fill out this application form to submit your proposal to be part of our invited programme. The deadline is July 31. Please note that formats that are submitted for consideration in the Invited Programme should not also be submitted as Independent Events.

Please only submit this form once you have carefully read through both our [Festival Hubs Exposé](#), and the [FAQs](#) on our website.

Please note that you can only submit a maximum of two proposals.

During the proposal submission, we set the focus on the format that you want to submit. While we inquire about your preferred stage for the event, the Berlin Science Week team will organise the final allocation of times and spaces, once the invited events have been selected. Rest assured, we will find the best options that work for both you, and for the programme as a whole.

Please specify which format you would like to submit, as outlined in the **Festival Hubs Exposé**:
